# MCSD: Azure Solutions Architect

## Solutions Developer

The globally recognized standard for developer excellence

**Note** This certification will retire on March 31, 2017. When the certification retires, all individuals whose transcripts list this certification as active on or after September 26, 2016, will retain the active status.

Microsoft Azure is the cloud for modern business. When you receive Azure certification, and become a Microsoft Azure Specialist, you'll gain professional recognition for your expertise covering the full breadth of architecting, developing, and administering Azure solutions.

| Step | Course Description                                    | Course Code         | Exam Code           |
|------|---|---------------------|---------------------|
| 1    | Developing Microsoft Azure Solutions                  | <a href="#">532</a> | <a href="#">532</a> |
| 2    | Implementing Microsoft Azure Infrastructure Solutions | <a href="#">533</a> | <a href="#">533</a> |
| 3    | Architecting Microsoft Azure Solutions                |                     | <a href="#">534</a> |

By passing one of these exams you will earn a Microsoft Specialist certification.

This MCSD certification requires you to show continued ability to perform in your chosen solution area by completing a recertification exam every two years.
