MCSD:

Universal Windows Platform

# MCSD: Universal Windows Platform

## Solutions Developer

The globally recognized standard for developer excellence

**Note** This certification will retire on March 31, 2017. When the certification retires, all individuals whose transcripts list this certification as active on or after September 26, 2016, will retain the active status.

Find out about the replacement certification, MCSD: App Builder.

Demonstrate your expertise at planning the designing and implementing of Universal Windows Platform apps that offer a compelling user experience, leverage other services and devices, and use best coding practices to enhance maintainability.

Earning an MCSD: Universal Windows Platform certification will qualify you for such jobs as software developer and quality engineer.

Step	Course Description	Course Code	Exam Code
1	Programming in C#	<a href="#">483</a>	<a href="#">483</a>
2	Universal Windows Platform – App Architecture and UX/UI		<a href="#">354</a>
3	Universal Windows Platform – App Data, Services, and Coding Patterns		<a href="#">355</a>

Exam 483 validates programming skills in the C# language. By passing this exam, you will earn a Microsoft Specialist certification.

This MCSD certification requires you to show continued ability to perform in your chosen solution area by completing a recertification exam every two years.
