MCSE:

Business Intelligence

MCSE: Business Intelligence certification

Solutions Expert

The globally recognized standard for IT professionals

Note This certification will retire on March 31, 2017. When the certification retires, all individuals whose transcripts list this certification as active on or after September 26, 2016, will retain the active status.

Find out about the replacement certification, MCSE: Data Management and Analytics.

Prove that you have the skills and techniques needed to design, build, and deploy SQL Server business intelligence (BI) solutions that deliver more data to more people across the organization.

Earning an MCSE: Business Intelligence certification will qualify you for a position as a BI and reporting engineer.

Step	Course Description	Course Code	Exam Code
1	Querying Microsoft SQL Server 2012/2014	461	461
2	Administering Microsoft SQL Server 2012/2014 Databases	462	462
3	Implementing a Data Warehouse with Microsoft SQL Server 2012/2014	463	463

Step	Course Description	Course Code	Exam Code
	After successfully completing steps 1–3, you'll earn an MCSA: SQL Server 2012/2014 certification.		
4	Implementing Data Models and Reports with Microsoft SQL Server	466	466
5	Designing Business Intelligence Solutions with Microsoft SQL Server	467	467

This MCSE certification requires you to show continued ability to perform in your chosen solution area by completing a recertification exam every three years.
